OUR HISTORY

Hooked is a family owned and operated small business that was established in Albany in 2016.

Our family have been in the seafood industry for over 20 years. The establishment of Hooked in Albany is our most exciting venture yet and the abundance of high-quality fish from local fishermen was the inspiration behind Hooked.

Our aim is simple, to champion the star ingredient - FISH, every step of the way. We hope you enjoy the Hooked experience.

OUR FISH

We are proud to source our fish locally to serve only the freshest, therefore, the majority of the fish served at Hooked is caught by local fishermen in the Albany, Denmark and Bremer Bay regions and all filleted right here in store.

We love to be able to provide our customers with a range of different species from the region. We have built relationships with our local Albany and Denmark fishermen and over time we have been able to showcase over 20 amazing species of fresh fish to our customers.

Please be aware that as we do our best to fillet out all of the bones in our fish, there is always the possibility that you could encounter one.

OUR CHIPS

We proudly use WA Chips, which come from locally owned and grown Bendotti Exporters in Manjimup, WA.

ALLERGENS

Please inform our staff of any allergies!

Please note however that our kitchen is NOT 100% gluten or allergen free. We always strive to take our best care, but we can not guarantee allergen free due to cross contamination and traces of gluten and other allergens.
